

## **Instructions Page – Program Detail – Coordination and Collaboration**

The Title I, Part D, program requires all LEAs to collaborate and coordinate with other federal, state, and local programs, including community-based programs, which may meet the unique needs of delinquent and at-risk youth.

All text boxes must have an answer. Please complete questions with as much detail as possible.

1. Please describe how the LEA will coordinate with health services or health educational programs to provide delinquent students with the necessary skills to care for themselves or their children.
2. Please describe any partnerships with local businesses, non-profits, or governmental agencies to improve the educational achievements of the students or to assist in drop-out prevention services to at-risk youth.
3. Please describe parental involvement efforts, including efforts to work with the families of Native American students, in a culturally appropriate manner.
4. Please describe coordination activities with other federal, state, tribal, and local programs or with vocational and technical education programs.
5. Please note coordination with other programs under the Juvenile Justice and Delinquency Prevention Act of 1974, if applicable. You may enter N/A if this question does not apply to your program.
6. Please describe how the LEA works with probation officers to meet the needs of students returning from juvenile justice facilities.

When all text boxes are complete, please click the SAVE PAGE button at the bottom of the page.
